View Full Article

Berger Singerman, Florida's business law firm, is pleased to announce that the national legal publication, *Law360*, has recognized the firm as one of Florida's regional powerhouse law firms for 2022. Berger Singerman was selected for its involvement in high-profile matters and transactions across the state of Florida and beyond, as well as its reputation as the go-to counsel of choice for businesses in the state. Berger Singerman was one of five Florida firms selected this year and the only firm whose offices are exclusively within Florida. The next closest law firm in respect of size by number of lawyers is nearly seven times the firm's size.

*Law360*'s list of 2022 Regional Powerhouses recognizes firms that are handling some of the biggest deals and most high-profile matters in Florida, offering clients regional expertise and making a lasting impact on the law at the state and local level.

“We are honored to be recognized as one of Florida’s Powerhouses by *Law360* and to be in the company of the other recognized law firms, and grateful to our clients in Florida and beyond and to our referral sources who have entrusted us with their matters in Florida.” said Jordi Guso, the firm’s Managing Partner. “We have worked hard to build a firm by recruiting and retaining great talent to advise clients in matters involving our home state’s dynamic marketplace – which has been critical to our success and statewide growth in recent years.”

Berger Singerman’s recognition as a Florida powerhouse firm reaffirms its reputation as Florida’s business law firm alternative to Big Law.

*Law360* profiled the firm's strong receivership practice, recent litigation wins, and the continued success of its real estate and transaction teams. The article also focused on the importance of being a Florida-only firm to attract referral-based work from out of state law firms reluctant to refer matters to firms competing with them in their markets, along with its impressive growth over the past two years and its desire to expand its presence in Florida in the coming years.
