BERGER SINGERMAN
FLORIDA'S BUSINESS LAW FIRM

# SCOTT JABLONSKI IS FIRST FLORIDA ATTORNEY TO COMPLETE ACCREDITED LEGAL INNOVATION & TECHNOLOGY CERTIFICATE PROGRAM

September 9, 2021

Berger Singerman, Florida's business law firm, is proud to announce that Scott "SJ" Jablonski, a partner and member of the firm's Business, Finance & Tax team, has completed Suffolk University (Boston) Law School's prestigious Legal Innovation & Technology Certificate program. Jablonski is currently the first and only attorney in the state of Florida to receive this certification from preLaw Magazine's top ranked legal technology law school in the United States.

As a national leader in rethinking the delivery of legal services, Suffolk Law's cutting-edge certificate program helps professionals modernize and innovate their skillset. In a rapidly changing marketplace, the program focuses on how attorneys can apply continuous improvement methodologies and disruptive technologies to better serve their clients. With this expertise, Jablonski intends to augment Berger Singerman's capabilities through enhanced transaction processing and engineering, innovative legal tech, streamlined collaboration and more.

"We brought Scott onto our award-winning team because of the immense value he brings to emerging tech hubs like South Florida, where many growth-stage and middle-market companies require, and seek, equally innovative and agile legal counsel," said Jordi Guso, Managing Partner at Berger Singerman. "With this accreditation, Scott has positioned himself in a league of his own, differentiating Berger Singerman in the marketplace by championing new law practices that offer cutting-edge solutions to the continually evolving legal needs of current and future clients."

With 17 years of multi-disciplinary business law experience, Jablonski counsels businesses and entrepreneurs in both domestic and cross-border transactions including complex mergers and acquisitions, joint ventures, private securities offerings and other corporate finance transactions. He is particularly focused on providing lean, efficient and effective services as a practical deal lawyer and innovative outside general counsel for early-stage through mature middle-market businesses seeking growth opportunities in South Florida.

Jablonski has also completed the Legal Lean Sigma® Institute's Yellow Belt certification program which promotes mastery of Lean, Six Sigma and Design Workflow methodologies to facilitate process improvement and project management initiatives within law firms and legal departments. He is a member of the ABA's M&A Technology Subcommittee as well as its M&A and Small Business/Middle-Market Companies Committees, and of the Florida Bar Association's Business Law Section.
